**DOH Approves Japan's Testing Procedure for Pre-Travel Testing Program**

DOH has approved the COVID-19 Nucleic Acid Amplification Test (NAAT) authorized by Japan's Ministry of Health, Labor, and Welfare. Proof of a negative test result from trusted testing partners in Japan will allow travelers from that country to bypass the 14-day quarantine upon arrival in Hawai'i.

DOH is currently in discussions with various Japanese medical institutions as it secures a list of trusted testing partners in Japan. Once the list is established, the pre-travel program will be launched for Japan. Information and updates will be posted at <https://hawaiicovid19.com/>.

Japanese nationals traveling abroad are still subject to a 14-day quarantine upon their return to the country. Travel restrictions on U.S. travel into Japan still remain in place. The State of Hawai'i is set to begin its pre-travel testing program for U.S. mainland travelers tomorrow. **Restaurant Card Program Pre-Paid Cards Mailed out to Qualified Recipients**

A news conference was held today with Governor David Ige, Sherry Menor-McNamara, the president and CEO of the Chamber of Commerce Hawai'i, and local restaurant and food industry suppliers, to announce that the new Hawai'i Restaurant Card Program pre-loaded cards have been mailed out to all eligible individuals. The program is a private-public partnership that is providing pre-paid \$500 cards to qualified Hawai'i unemployment insurance

recipients impacted by COVID-19, to purchase food and non-alcoholic beverages at Hawai'i eating establishments and fast food restaurants. The program runs through Dec. 15, 2020.

Governor Ige said, "The Hawai'i restaurant industry is one of the hardest hit and has the highest economic boosting impact. The Hawai'i Restaurant Card Program will inject, on average, over \$1.2 million into the local economy each day during this 60-day period. I want to extend a big mahalo to everyone who worked hard to create this much-needed, economy-reviving program." Menor-McNamara said, "The Chamber of Commerce Hawai'i, along with the restaurant industry are excited to announce that over 116,000 Hawai'i Restaurant Cards are in the mail and are expected to be arriving in mailboxes, statewide, as early as this Friday." Highway Inn Restaurant Owner Monica Toguchi Ryan added, "This exciting program will not only provide targeted help to the community, but it will re-invigorate the restaurant sector by bringing customers through our doors. These funds will initially be used to help pay our employees, and then pay our suppliers who range from small local farmers to fishermen. This program will help revitalize our local economy in more ways that most people could imagine."

The governor also announced that the one-time benefit will not impact SNAP and Medicaid benefits or eligibility. For more details on the program and to see if you are eligible, go to: <https://www.hawaiirestaurantcard.com/>

##### **Statewide Broad-Based Testing Continues for Jails, Prison Facilities**

PSD's Health Care Division is working with DOH, the Hawai'i National Guard (HING) and community partners, to conduct mass testing for COVID-19 at all correctional facilities statewide. The Kaua'i Community Correctional Center has begun their inmate testing this week.

DOH testing of O'ahu Community Correctional Center (OCCC) inmates is continuous. No new inmate or staff results were received today. There are no inmates hospitalized. Over 95-percent of the OCCC inmates who had positive COVID cases have recovered. The total number of PSD staff who have recovered and returned to work is just over 83-percent.
